Participants

High school and College students from sister cities of Japan and Alaska

At the Online Youth Forum, students from sister cities of Japan and Alaska can enjoy free talks and lectures by well-known figures. Assurances for communication will be provided at the Forum meeting, so you do not need to have foreign language skills. Students who would like to participate, please contact the Consular Office of Japan in Anchorage by sending email to (pubcul-ak@se.mofa.go.jp).

In addition, students are welcomed to talk with other students and prepare for the upcoming, "The Presentations" in March, 2023, where sister city residents can observe the event. (Presentations introducing such town pride as tourism attractions or shopping streets are recommended.)
